North East Community Forest 2023/24 planting	Tree and hedgerow planting at a series of individual sites as part of Low Carbon Framework. Options for sites in each area to be assessed and then discussed with Neighbourhood & Community Boards	9/23	3/24	Individual planting schemes developed in further detail, with some requiring further consultation before the overall programme is finalised. Seven sites currently have in principle funding approval: Holmeside Phase 2 (East); Hetton Primary School (Coalfield); Rickleton Primary School (Washington); Roker Park (North), Silksworth Ski Slope and Pit Wheel (West); Doxford Park (East); Ryhope Junior School (East). An additional 3-4 sites are also being considered and are currently at the feasibility stage.

Project/Programme	Project Detail	Start Date	Due for Completion/ Full expenditure by	Area Committee quarterly update
				<p>Ten tree planting sites will be delivered by the end of April 2024, by an external contractor. This will deliver around 17 hectares of planting and be funded by c.£300,000 of external funding from the Government's Trees for Climate Fund. The 10 sites are at: A182 Shiney Row; Houghton Kepier Academy; Hetton Primary School (Coalfield); Rickleton Primary School (Washington); Roker Park (North); Silksworth Recreation Centre and Ski Slope (West); Holmeside; Doxford Park (park); Diamond Hall Junior Academy; Ryhope Junior School (East).</p>
<p>Low Carbon Framework and Action Plan</p>	<p>Range of city-wide low carbon programmes and projects across the seven strategic priority areas to include implementation within individual Area Committee areas</p>			<p>Additional green-infrastructure projects (over and above NE Community Forest activity) include 'Tiny Forests' schemes to be planted at Sandhill View Academy (West) and Hudson Road Primary (East) subject to feasibility and final approvals; Link Together Heritage Lottery bid for £915,000 has been submitted – if successful it will support greenspace uplift to 13 sites across the Coalfield.</p> <p>Sunderland City Council continue to work in partnership with energy suppliers Utilita and E.On on the current phase of Energy Company Obligation (ECO4), which requires energy suppliers to implement energy efficiency improvements in residents' homes. The scheme is aimed at lower income and/or vulnerable households and less energy efficient properties with the aims of tackling fuel poverty, reducing carbon emissions from the domestic sector and improving thermal comfort. The ECO4 scheme was launched in October 23 and is available to residents in all areas of Sunderland (city-</p>

				<p>costs, equipment/training requirements, environmental and visual impact, and importantly the views of our residents.</p> <p>To date detailed records on all aspects of the trial are being gathered and analysed. Aspects such as:</p> <ul style="list-style-type: none"> • Application process • Environmental Impact • Cost • Effectiveness • Resident Feedback <p>We are continuing to engage with residents, our wider council colleagues, key city stakeholders and neighbouring authorities.</p> <p>We are also engaging with several other Authorities and organisations such as Cardiff Council, South Lanarkshire Council, Brighton Council the Amenity Forum and APSE.</p> <p>A final report will be produced and published following the conclusion of the trial. The further targeted trials which started in April have continued into November 2023. The detailed trial will provide clear evidence to review, enabling consideration of the available options, cost and resource implications for each method tested.</p> <p>The results of the trial will inform the appropriate next steps.</p>

Project/Programme	Project Detail	Start Date	Due for Completion/ Full expenditure by	Area Committee quarterly update
				<p>The trial has now concluded, findings are currently being compiled into a detailed report.</p> <p>A market feasibility study via procurement is also now underway to establish costs and availability of alternative weed control equipment.</p>
Tree Surveying	A citywide tree inspection and mapping project.	May 2023	2027	<p>Tree inspections and mapping commenced in May 2023. Starting in the East area to date we have surveyed and digitally mapped over 5000 trees. The survey will move into the West area over the coming weeks. The survey will enable SCC to fully understand our tree stock, which will in turn increase our ability to manage the risk more effectively. The survey will also facilitate a much more proactive approach to tree planting and replacement, establish how much carbon as a city our trees can sequester, it will also inform us of the overall impact of Ash Dieback disease. The data base as it grows will provide a deeper case by case record of each tree and its inspection record which will improve member and customer journeys as the information held will provide more detailed information when responding to customer requests and complaints.</p> <p>As of 9th of November 9,353 trees have been surveyed.</p> <p>As of the 20th of February 12,757 trees have been surveyed.</p> <p>Following completion of the East and West areas, Mowbray, Barnes and Roker Green Flag parks have</p>

				now all been surveyed. The Inspection programme is now focusing on the North Area.
Plantation Programme	Plantation Maintenance Scheme	March 2023	April 2026	<p>Sunderland City Council are responsible for the management of approximately 185 hectares of plantation across the city. Over several years plantation management has been limited meaning they have become dense and unmaintained leading to the overall health and diversity of the plantation being negatively affected. The location of many of the city's plantations mean they grow relatively close to property boundaries and in some cases encroach gardens and fence lines. As a result, the Council receive high volumes of requests and complaints related to plantations. The Council are aware that in order to manage the potential adverse impact upon the health and lifespan of the plantations that a programme of works is required in some locations. The locations in which work is planned have been prioritised by considering condition, the risk posed whilst taking into account member and resident feedback.</p> <p>The work will comprise of thinning operations, which refers to the practice of selectively removing some trees from a woodland or plantation to promote the growth and health of the remaining trees.</p> <p>The plantation programme is progressing well with over 50,000 sqm of woodland maintained.</p> <p>Resident feedback has been very positive and of the initial 37 priority sites 19 are now complete.</p>

E Technology Trials	Trialling alternative Electric equipment to replace petrol fuelled kit to reduce carbon emissions.	May 2023		<p>We continue to trial alternative kit not only to reduce carbon emissions but to reduce the hand arm vibration some kit exposes our workforce to. To date we have tested Electric hedge trimmers, chainsaws, strimmers and grass cutters. We are hoping in the coming weeks to explore hybrid chipper technology. We are also working with our fleet team to future proof our kit replacement programme factoring in the feedback we capture as part trials and are confident that over a period of time to further reduce our reliance upon petrol tools and equipment.</p> <p>Trials are continuing with appropriate tools being considered as part of our fleet replacement capital programme.</p> <p>Following E Tech trials, various kit has been introduced into our operational teams. The kit not only reduces the hand arm vibration levels our operatives are exposed to, it also supports the Council's low carbon agenda.</p> <p>The kit includes, E Blowers, E Gum removal packs, E Chainsaws, E Hedge Trimmers and a Hybrid Chipper.</p> <p>We are continuing to explore other E solutions and are currently trialing a E Mechanical Sweeper.</p>

Project/Programme	Project Detail	Start Date	Due for Completion/ Full expenditure by	Area Committee quarterly update
Winter Smart Solutions	Trials of several infrared road surface sensors across the highway network.	Continue through the winter of 2023/2024	Testing, development, and evaluation of technology and installation options remains ongoing through the winter of 2023/2024	Following the trial of 10 smart sensors at a variety of key locations across the city through the winter of 2022/23, the detailed findings of the trial have enabled the Environmental Services Winter Maintenance Team, to further improve the planning for the essential replacement of the city's Vaisala weather station network and ensure that the positioning of the new equipment is optimised in response to the current and future development of new key routes and any road network changes across the city. With the new installations of modern Vaisala equipment occurring from Summer 2024, the road users of Sunderland can be assured the city will have some of the most advanced weather monitoring and forecasting equipment available, provided and supported by one of the main market leaders in the industry.
Winter Service Review	Comprehensive review of the Winter Maintenance Service	Spring 2024	Autumn 2024	Following on from the review undertaken 2023, the 2024 review will commence following the completion of this year's winter maintenance period. The review takes in all aspects of the Winter Service. A key focus of the review is the priority network coverage. The review process is be based upon the requirement to deliver an efficient resilient service for

				the residents of Sunderland and the commuting public, whilst also meeting any legal requirements, adhering to best practice and meeting deliverable expectations with a finite resource. Where there are legislative changes, the policy will be reviewed immediately, and further approval sought from the Council. All recommendations produced by The Department for Transport and the UK Road Liaison Group along with identifiable best practice are considered during the annual review.

Area Committee Update: LINKS FOR LIFE SUNDERLAND

Links for Life is Sunderland's approach to social prescribing; working with our partners to help people live the best life they can by linking them to community level services and support to make a lasting difference to their health and wellbeing.

Partners recognise that without growth of the service offer in the community we will not reduce health inequalities. Effort has gone into building support for voluntary and community groups who are delivering vital services within our communities.

WHAT IS SOCIAL PRESCRIBING?

Factors such as stress, unemployment, debt and loneliness can affect our health.¹ Also, one in five GP appointments are about issues wider than health, especially for people living in areas of high deprivation.²

Social Prescribing is about connecting people with activities and services that improve their physical and mental health, and wellbeing. It supports people to identify and discuss their own support needs, giving them time to focus on 'what matters to them' and taking a holistic approach to their health and wellbeing.

Supporting residents to improve their health and wellbeing through self-help and connections to community-based support services, often provided by our VCS services, is vital to support our residents with the range of social issues which drive up health inequalities in our city. Key benefits can include improved social connections, improvement in the management of health and health status, improvement in mental health and wellbeing and life enrichment.³

LINKS FOR LIFE SUNDERLAND

To build on all the positive work that already happens in Sunderland, partners are working on developing a model, called Links for Life Sunderland, which will be launched in April 2024.

Links for Life Sunderland will bring together people within communities, supporting everyone to have healthy, happy lives, with no one left behind.

A video has been produced all about Links for Life Sunderland – see here [Links for Life Sunderland - https://youtu.be/h8EizBukS40](https://youtu.be/h8EizBukS40)

What are the aims:

- Residents and partners will be able to easily find information, including community-based services, to make better informed choices to help their health and wellbeing.
 - People will recognise Links for Life Sunderland and will associate it with quality, accessibility and connectiveness.
 - Residents will be able to get support through more community-based partners, including VCS, through improved promotion, collaboration and demonstration of their impact.
 - Links for Life Sunderland will be developed on evidence-based practice and evaluation.
 - Investment will be targeted and driven by local data, intelligence and knowledge from the system.
-

What are we doing:

- Creating the Links for Life Sunderland brand, informed by the views of residents and making sure it is recognised and visible across the city.
- Developing a 'digital community support platform', to make sure people can find the information and help they need.
- Mapping our community buildings and services to understand and help address gaps, making sure we focus our efforts on people and places that can't access services.
- Supporting the voluntary sector to grow the Links for Life offer within community settings. Including the provision of Community grant schemes to support voluntary sector organisations in developing Links for Life delivery centres within communities and ensure the difference their work makes to the lives of residents, is recognised and supported by all partners.
- Creating a charter that makes sure we have shared behaviours and values and everyone receives a good quality service that meets expectations
- Working alongside the community wealth building strategy / social value initiatives in the city to financially support our voluntary sector as well as support much needed improvements within our community facilities.

Family Hub	<p>The Family Hubs and Start for Life programme helps meet commitments in The best start for life: a vision for the 1,001 critical days, published as government policy in March 2021. This programme is jointly led by the Department for Education (DfE) and Department of Health and Social Care (DHSC).</p> <p>The aim of Family Hubs is to join up and enhance services, ensuring all parents and carers can access the support they need when they need it. To bring services together and make them more accessible, improve the connections between families, professionals, services, and providers, and put relationships at the heart of family support.</p> <p>Following a competitive bidding process, 14 trailblazers were selected and awarded additional funding to go</p>	2022	2025	<p>Bunnyhill Family Hub</p> <p>Bunnyhill was launched in June 2023 offering a play space and several groups for early years such as baby massage, baby weaning. Bunnyhill runs a pregnancy yoga group. Co-Delivery with ante-natal services is well underway. Early years CAMH's worker sits within the hubs. A SALT worker will be working from the hubs in the new year. Pregnancies can be booked in at the hub. All of the hubs also deliver at least one session a week within other community organisations across the city.</p>
