Sandra Taylor, a resident of Sunderland, has submitted the following question.

' Why do the bin men, when collecting the blue bins, tip the paper section into the main recycle section after we are asked to separate it? Furthermore when we shred letters etc without names and personal details on, it ends up all over the road! Surely thus isn't right!'

Martin Bloomfield, a resident of Sunderland, has submitted the following question.

'I live in a street off the centre of Sea Road in Fulwell. Being in the middle of Sea Road encourages and attracts people to park their car in Moran Street for ease whilst other streets nearby are left almost car free without this issue. Visiting traffic volume has reached capacity and cars belonging to workers are parked there, preventing local residents parking in their street. Can we consider some form of parking restrictions like they do off Chester Road, which is also a busy business area?'

Sam Johnston, a resident of Sunderland, has submitted the following question.

'Can the Portfolio Holder explain the lack of progress in establishing a match day CPMS scheme for Tyzack Crescent, Edgeworth Crescent and Burscough Crescent and reassure residents that progress will be made ahead of the new football season?'
