MOTIONS ON NOTICE OUTSTANDING FROM PREVIOUS ORDINARY MEETINGS OF THE COUNCIL

Council Members are asked to consider the under-mentioned Motions: -

1. Notice of Motion – Short Term Respite Care in Sunderland

The transition from Grace House to the newly acquired Red Gables site, set to open in summer 2024, will see parents of disabled and vulnerable children go without overnight support for a number of months.

Members agree that, in future, the Council must better prepare for its provision of short-term respite care, including overnight care, as some families are now being moved from one site of provision to another for the third time in seven years.

Council therefore agrees to a package of measures designed to improve the care and support available to disabled young people, whose disabilities are not catered for by existing services, including:

- Ensuring future decisions regarding short-break respite care arrangements are discussed with members, service users and as part of the scrutiny process rather than being decided at executive level.
- That families and children displaced from Grace House are made priority for placements at Red Gables and that these should be offered on a like for like basis.
- That a wider review of respite care is undertaken to ensure that a range of support (including overnight breaks, after school, weekend and holiday, and inclusive play and support groups) is available for different types of disability and special educational need. A report, following this review, should be presented to Children, Learning and Skills Scrutiny.

Council also agrees to request the Director of Children's Services to present a report to Scrutiny on how staffing, recruitment and retention needs for the new Red Gables facility will be met, in advance of it opening.

Proposed by Councillor Antony Mullen
Seconded by Councillor Lyall Reed

2. Notice of Motion – CPMS Charges

Community Parking Management Scheme (CPMS) zones are a necessary tool of last resort to deal with parking problems in residential areas.

These parking issues are not caused by the residents who live there, but by people from out the area. Yet it is residents who have to pay to park outside of their own home - and this is unfair.

Council therefore resolves to:

- Eliminate the cost of a second parking permit entirely for all households in CPMS zones
- Remove administrative costs relating to the registration of new vehicles when a resident changes car

 Seconded by Councillor Adele Graham-King

3. Notice of Motion – One million women and girls - A framework for women’s equality

This council notes that:

- When the new North East Mayoral Combined Authority (NEMCA) comes into being in 2024, it will be responsible for the aspirations and life chances of over one million women and girls living in County Durham, Sunderland, South Tyneside, Gateshead, North Tyneside, Northumberland and Newcastle.
- While it can be tempting for policy makers to think that women and men use public services in the same way this is often not the case. Therefore, considering the specific needs of women and girls from the beginning will result in better policy making, that works for everyone.

This council therefore agrees to formally request the new Mayor and cabinet of the new combined authority to put a plan in place as soon as possible outlining:

- The **practical** steps it will take to improve the lives of women and girls in our region.
- How it will work with partners to ensure women and girls can **access** safe transport, suitable housing, quality jobs, training, and adult education.
- How it intends to **Listen**, carefully, to women and girls from all communities.
- How its **systems and structures** will be developed to ensure equality for women and girls through considering the specific impact on women and girls of every policy/strategy developed, taking action to maximise the positive and mitigate negative impacts.

4. Notice of Motion – Sunderland's new footbridge

This Council believes the people of Sunderland should have a say in naming the new footbridge being constructed over the River Wear. Council therefore asks the Chief Executive to liaise with Group Leaders to agree a mechanism that:

- Allows the public to submit suggestions for names for the new bridge;
- Appoints an independent panel to produce a shortlist of suggested names;
- Puts the shortlist to an advisory vote of residents of the City of Sunderland.

5. Notice of Motion – Hot Food Takeaways

Supporting local restaurants, cafes, pubs and takeaways is a priority for this Council, as the city navigates its way through the difficult economic conditions imposed by the COVID-19 pandemic and conflicts around the world.

Sunderland City Council has a responsibility to act in a way that allows these businesses to thrive and provide jobs, services and and improve the quality of life within our city.

Council notes:

- The recent public interest in the City's approach to granting planning permission for hot food takeaways, following the decision not to award such permission to Cole Kitchen.
- That the ruling was made on account of the fact that 21.3% of eleven year olds within the St. Peter's Ward are obese, which is 0.3% over the limit set within Policy VC4 of the Core Strategy and Development Plan.
- That the Government-appointed Planning Inspector ruled that there was 'no leeway' within this policy at present.

Council resolves to:

- Express its regret that a petition signed by over 5,000 residents calling for Cole Kitchen to be granted planning permission has been ignored.
- Call upon the Leader and the Chief Executive to undertake a review of policy VC4 of the Core Strategy Development Plan, considering how Sunderland City Council can create flexibility within the rules to enable businesses which either serve healthier hot food or serve products not targeted towards children to operate as takeaways.
- Call upon the Leader to deliver a report on the findings of this review to a full Council meeting no later than December 2024.
