

Item 4: Annex 1: Child Poverty Area Profile

Sunderland East

Child Poverty Sunderland

- The levels of child poverty in Sunderland is high with 25.4% of our children living in 'Poverty' as defined by the Government.
- The definition for 'Poverty' as it stands today is: The proportion of children living in families in receipt of out of work benefits or in receipt of tax credits where their reported income is less than 60 per cent of median income

1. Level of Child Poverty in Sunderland East

	Children in families in receipt of CTC (<60% median income) or IS/JSA		% of Children in "Poverty"	
	Under 16	All Children	Under 16	All Children
East	2,425	2,730	31.3%	19.7%
Sunderland	13,460	15,140	26.5%	25.4%

Source: HM Revenue and Customs, December 2009

2. Levels of Deprivation in Sunderland East

(Source Communities and Local Governments 2007)

Indices of Multiple Deprivation (IMD)

Each area of the city is ranked according to the Index of Multiple Deprivation (IMD) 2007. The IMD combines a number of indicators, chosen to cover a range of economic, social and housing issues, into a single deprivation score for each Lower Super Output Area (SOA) in England. This allows each area to be ranked in relation to one another according to their level of deprivation. The rankings are then used to categorize each Lower SOA in the city to show whether it is the most or least deprived. Percentages are used to show which SOA's are the most and least deprived, where 1% is the most deprived and 100% the least.

There are 36 LSOAs in Sunderland East. 8 of these areas are in the top 10% most deprived areas in England and contain 19.8% of the areas population. 15 LSOAs are in the top 20% most deprived and contain 38.9% of the areas population.

Income Deprivation Affecting Children Index (IDACI)

The Income Deprivation Affecting Children Index (IDACI) is a subset of the Income Deprivation Domain of the IMD, and shows the percentage of children in each SOA living in families that are income deprived (i.e., in receipt of Income Support, Income based Jobseeker's Allowance, Working Families' Tax Credit or Disabled Person's Tax Credit below a given threshold).

An IDACI score of, for example 0.24 means that 24% of children aged less than 16 in that SOA are living in families that are income deprived. A rank of 1 is assigned to the most deprived SOA and a rank of 32,482 is assigned to the least deprived SOA, for presentation purposes.

Sunderland IDACI Ranking: Average Score 0.26 Average Rank 13,361 out of 32,482

Sunderland East IDACI Ranking: Average Score 0.27 Average Rank 9,556 out of 32,482

However, half of Sunderland's SOAs have 25-75% of children aged 0-16 living in households that are income deprived with the lowest ranking being 32,221 and highest being 219. Therefore this indicates a high level of socio-economic deprivation across the city.

3. Child Poverty Statistics- Locality Breakdown

Summary	Children in IS/JSA families		Children in families receiving WTC and CTC, and income <60% median income		Children in families receiving CTC only, and income <60% median income		Children in families in receipt of CTC (<60% median income) or IS/JSA		% of Children in "Poverty"
