Guide to the Audited Statement of Accounts 2011/2012

Introduction

This summarised version of the Authority's Statement of Accounts aims to provide easy to understand information, focusing on the key points within the Audited financial statements and provides explanation of how the statements interlink. The figures in this summary have been prepared with regard to proper accounting practice and have been subjected to external audit to ensure that they present a true and fair view of the Authority's financial position.

Movement in Reserves

The Movement in Reserves Statement shows the movement in the year on the reserves held by the Authority, analysed into 'usable' reserves (cash reserves that can be used to fund expenditure or reduce council tax) of £36m and 'unusable' reserves (non-cash reserves representing asset valuations and accounting adjustments) of £636m - see Note 3.

| | Note | Usable Reserves | | | Total Unusable Reserves £'000 |
|--|----------|-------------------------------|-----------------------------|--------------------------------|----------------------------------|
| | | General Fund Balance £'000 | Earmarked Reserves £'000 | Total Usable Reserves £'000 | |
| Balance at 1st April 2011 | | (3,336) | (29,728) | (33,064) | 571,667 |
| (Surplus) or Deficit on the provision of service | 1 | 22,677 | 0 | 22,677 | 0 |
| Adjustments for non-cash accounting entries | 2 | (25,556) | 0 | (25,556) | 64,313 |

| (Increase) or decrease in reserves | 4 | 148 | (3,027) | (2,879) | 64,313 |

Notes

- (1) The deficit on the provision of service is analysed by services in the Comprehensive Income and Expenditure Statement. This figure is not a true representation of the deficit made by the Authority in the year as it includes a number of non-cash items that are required for accounting compliance purposes. Once these items are adjusted for (listed in Note 2) the true (surplus) / deficit for the year can be established (see Note 4).
- (2) Adjustments for non-cash accounting entries include actuarial gains and losses on the pension fund, asset charges, and employee benefit accruals.
- (3) Total usable reserves at 31.3.12 (i.e. real cash backed reserves) amounts to £35,943k made up from the General Fund Balance of £3,188k and Earmarked Reserves of £32,755k. These are the key figures from this statement.
- (4) The other message to note from this statement is that the General Fund Balance has decreased in total by £0.148m in the year and the Authority's usable cash reserves have increased by a total of £2.879m.

Comprehensive Income and Expenditure Statement

The Comprehensive Income and Expenditure Statement shows the accounting costs in the year for providing services rather than the cost in cash terms. The cash position is shown in the movement in reserves statement, with an overall increase in 'usable' reserves of £2.879m.

| Total Comprehensive Income and Expenditure | | | | 61,434 |

Linkages to other statements

* The (Surplus) or deficit on the provision of service is included in the Movement in Reserves Statement (see explanatory note 1).

** Other comprehensive income and expenditure represents the value of all adjustment for non-cash accounting entries in the movement in reserves statement. See Note 2 to see what is included in this figure.

Note

(5) The deficit on the provision of service is not a true representation of the deficit made by the Authority as it includes a number of non-cash items that are included for proper accounting purposes. The real position is that the General Reserve decreased by £0.024m, DSO and COMAH reserves increased in total by £0.029m, Emergency Planning Reserve decreased by £0.153m, and other reserves increased by £3.027m, a total increase of £2.879m. This is reflected in the Movement in Reserves Statement.

Balance Sheet

The Balance Sheet shows the value of the assets and liabilities of the Authority, in other words the net worth of the Authority. Assets should exceed liabilities if the organisation is a going concern. The net assets held by the Authority (assets less liabilities) are off-set balanced by reserves held by the Authority, some are cash backed and some are purely accounting non-cash reserves, as explained previously.

| | Note | Net Expenditure £'000 |
|---|------|-----------------------------|
| Assets | | |
| Long Term Assets including Property, Land and Equipment | 6 | 64,217 |
| Short Term Investments | | 27,514 |
| Inventories | | 242 |
| Cash * | | 8,484 |
| Cash owed to the Authority – Debtors | | 9,248 |
| Total Assets | | 109,705 |
| Liabilities | | |
| Cash owed by the Authority - Creditors / Borrowing | 7 | (708,536) |
| Donated Assets Account | | (994) |
| Provisions | | (211) |
| Total Liabilities | | (709,741) |
| Net Assets (Total Assets less Total Liabilities) | | (600,037) |
| Reserves ** | | |
| Usable Reserves | | 35,943 |
| Unusable Reserves | 7 | (635,980) |
| Total Reserves (Negative net worth) | | (600,037) |

Linkages to other statements

* The sum of the cash and cash overdrawn can be reconciled to the Net Cash at 31st March 2012 in the Cash Flow Statement.

** The value of Usable and unusable reserves are detailed in the Movement in Reserves Statement together with the (increase) or decrease in reserves in the year.

Notes

(6) The majority of the Authority's value is held in the physical assets that it owns which are in excess of £64m.

(7) Included within cash owed by the Authority and unusable reserves is the value of the pension fund deficit. This is required by International Accounting Standard 19 (IAS19) and reduces the balance sheet worth of the Authority by £657.45m. Under IAS19 the Authority has in place actions to balance this deficit over 22 years. Excluding this amount, as it is being proactively addressed, would mean that the Balance Sheet would then show a Net Worth position for the Authority, as assets would exceed liabilities by over £57m.

Cash Flow Statement

The Cash Flow Statement shows the movement in cash of the Authority and can be reconciled to the sum of the cash and cash overdrawn reported in the balance sheet.

| | Note | Net Expenditure £'000 |
|---|----------|-----------------------------|
| Net (Surplus) or deficit on the provision of services | | 22,677 |
| Adjustments for non-cash items and investing and financing activities | | (32,880) |
| Net cash flows from operating, investing and financing activities | | 4,366 |
| Net (increase) or decrease in cash and cash equivalents | 9 | (5,837) |
| Net Cash at 1st April 2011 | | (2,647) |
| Net Cash at 31st March 2012* | | (8,484) |

Linkages to other statements

- * The Net Cash at 31st March 2012 reconciles to the sum of the cash and cash in the Balance Sheet.

Note

- (9) The increase in the Authority's cash position is primarily as a result of the reduction in Capital Programme spending during the year due to slippage of capital schemes, and a review of the Authority's vehicle replacement programme.
