

Report Key

These columns show the level of performance for the latest reporting period and the same period in the previous year. A question mark means that information is not available

The target is what we want to achieve. A question mark means that a target has not been set

	2008/09 Outturn	2009/10 Outturn	Are we improving?	Target	Have we achieved the target?	Commentary
Number of most serious violent crimes per 1,000 population (NI015)	0.66	0.72		?	!	• Year end figure showed a 9% rise on the previous year representing a rise of 17 crimes. The Police have commissioned a problem profile to examine the rise in most serious violence, however this has not shown any obvious patterns with regard to location, time, characteristics of the victims etc.
Number of serious acquisitive crimes per 1,000 population (NI016)	12.45	10.46		?	!	

This is a comparison of the latest outturn against the same period the previous year. The symbols mean

- performance has improved
- performance is stable
- performance has declined
- Information is not available

This traffic light is a comparison of performance against the target set for the year

- The target has been achieved
- Performance is within 10% of the target
- The target has not been achieved
- Not applicable due to no target being set

Community & Safer City

	Dec 2009 Position	Latest Position Dec 2010	Are we improvi...	Target	Have we achieved the target?	Commentary
Number of most serious violent crimes per 1,000 population (NI015)	0.51	0.57		?		<ul style="list-style-type: none"> Continued visits to problem premises during peak hours through Operation Barracuda and continued work with the SIA agency which regulates the activity of door staff. Operation Jaws also continues with a focus on reducing the level of cocaine use and the taxi marshalling scheme has been extended to Monday evenings during term time.
Number of serious acquisitive crimes per 1,000 population (NI016)	7.93	6.54		?		
The percentage of adult offenders on the probation caseload who have re-offended within three months of the snapshot taken compared with the predicted re-offending rate (NI018).	8.34 %	0.42 %		?		
Number of young people (aged 10-17) re-offending in the youth justice system (NI019).	0.69	0.53		0.80		<ul style="list-style-type: none"> Q3 data will not be available until the end of March into April 2011
The number of Actual Bodily Harm (assault with injury) crimes per 1000 of the population (NI020)	5.62	5.03		6.50

Number of deliberate primary fires per 10,000 population (NI033i)	10.80	7.02		?		
Number of deliberate secondary fires per 10,000 population (NI033ii).	54.50	52.50		?		
Total number of primary fires per 100,000 population (NI049i).	197.20	152.00		?		
Total number of fatalities due to primary fires per 100,000 population (NI049ii).	0.00	0.00		?		
Total number of non-fatal casualties per 100,000 population (NI049iii).	4.60	4.28		?		
% of new reports of abandoned vehicles investigated within 24hrs of notification (BV218a).	98.39 %	92.65 %		90.00 %		<ul style="list-style-type: none"> A review of the contractors performance data has taken place and there is no evidence of reduced standards of service. Levels of abandoned vehicles reported across the Sunderland area has reduced over recent years due to economic conditions and the current high scrap value of vehicles. The occasional incident of a vehicle being attended to slightly later than the target timescale has a disproportionate effect on this measure.
% of abandoned vehicles removed within 24 hours (BV218b).	92.86 %	100.0...		95.00 %
