The Project

The project will provide £20,000 (Hetton SIP) towards a total scheme of £93,071 to provide an exciting and stimulating play area providing outdoor opportunities free of charge for the young people 0 -19 of the local area. The location and types of equipment have been chosen in consultation with the young people to ensure they have a dynamic and fun place to hang out, play and be physically active

The Need for the Project

The Play and Urban Games strategy highlights this area as a priority in need for development for free play activities for young people. Easington Lane Community Access point have been key partners to conducting and extensive consultation with 70 young people to gauge their interest and requirements for the proposed development. This was completed by 1:1 interviews and by completion of a needs questionnaire.

Residents were consulted by postal questionnaire and were also invited to attend Northumbria Police PACT meetings and an evening consultation to share their views and needs for the development. Additional consultation has also been carried out with Local Councillors , Hetton Town Council, Northumbria Police and The Local Multi Area Problem Solving Groups (LMAPS)

Name of Project	Village Street Lighting Project
Lead Organisation	Sunderland City Council

Total Cost of Project	Total Match Funding	Total SIB Requested
£25,300		£ 25,300
Project Duration	Start Date	End Date
3 months	February 2010	April 2010

The Project

The funding (Shiney Row SIP) will provide embellishments and ornamental lighting to the villages of Penshaw and New Herrington. There will be 23 lamps installed to improve the physical appearance and style of the identified locations.

The Need for the Project

The need has been identified by residents via Ward Councillors. It is felt the ornamental style lighting is more in keeping for a village than the standard lighting currently provided.
