(For copy report – see original minutes)

08/04727/FUL – Proposed reduction in retail floor space to existing retail department store and the conversion of three floors to hotel use, including additional floorspace to fourth floor and elevational treatments.

The Members welcomed the development of a new City Centre hotel however they raised concerns over Car Parking for guests of the hotel.

The Representative of the Director of Development and Regeneration advised that Car Parking would be available at Sunnyside Multi Storey Car Park. It was standard practice for City Centre hotels to utilise existing City Centre Car Parking. There was a reduced price overnight rate already available at Sunnyside Multi Storey Car Park and the Hotel operator could look at providing free parking using a similar scheme to that already in place for patrons of the Cinema and Casino at the Limelight development.
