I would be able to attend both the regular meetings and be involved with committees as well.</p>	<p>I have been involved in Teaching and Training since 1982 and I am at present researching for my PhD. I am a visiting lecturer at the University of Sunderland where I teach on the second year of the BA in Criminology and I have also taught at the City Of Sunderland College on the 7307 award. I also expect to do some part-time teaching in Public Services at South Tyneside College in the new academic year. I have also been supporting a visiting priest from Nigeria who is researching his doctorate.</p>	<p>I am extremely interested in becoming a school governor, in whatever area a vacancy arises or is currently available, in order that I can do everything possible to ensure that our young people receive the best possible education, in properly equipped and funded schools, to equip them for life after they leave school. I feel that my experience in teaching, training and the evaluation of training, together with my experience as a police officer for thirty years will help to enhance the governing body that I may be appointed to.</p>
