Local Code of Corporate Governance

Local Code of Corporate Governance

INTRODUCTION

The Authority has a corporate governance framework in place which is aimed at ensuring that we are doing the right things, in the right way, for the right people, in a timely, inclusive, open, honest and accountable manner. The corporate governance framework comprises the systems, processes, cultures and values through which we direct and controls our functions, and through which we account to, engage with and, where appropriate lead our communities.

The Authority's corporate governance framework is based upon guidance jointly issued by the Society of Local Authority Chief Executives (SOLACE) and the Chartered Institute of Public Finance and Accountancy (CIPFA) and recommended as best practice.

The framework is based upon the following six core principles:

- Focusing on the purpose of the authority and on outcomes for the community and creating and implementing a vision for the local area;
- Members and officers working together to achieve a common purpose with clearly defined functions and roles;
- Promoting values for the authority and demonstrating the values of good governance through upholding high standards of conduct and behaviour;
- Taking informed and transparent decisions which are subject to effective scrutiny and managing risk;
- Developing the capacity and capability of members and officers to be effective;
- Engaging with local people and other stakeholders to ensure robust public accountability.

Each of these six core principles have supporting principles with associated requirements and the following table sets out how the Authority aims to meet these requirements.

Annual Governance Review

The Authority conducts, at least annually, a review of the effectiveness of the corporate governance framework including the system of internal control.

A Corporate Governance Steering Group (CGSG) has been established to lead this review. Membership of the CGSG is as follows:

- Deputy Chief Fire Officer
- Finance Manager
- Human Resources Manager

A report on the findings and recommendations arising from the review is presented to the Authority and Governance Committee.
