**25 MARCH 2024**

**REPORT OF NORTHUMBRIA POLICE**

The figures are based on the last 3 months.

**Sunderland Central: City Centre, Millfield, Ashbrooke**

**Total Crime**

This is showing a decrease of 4 %.

From research priority areas for the City Centre are the Bridges shopping centre and Park Lane. Millfield priority areas are Sunderland Royal Hospital and Aldi on St marks Road.

The main crime reported in these areas is Shoplifting. The team have had some excellent recent results dealing with some prolific retail offenders that were responsible for several shoplifting offences.

**ASB**

ASB in the City Centre is currently showing a reduction of 16% with reports being spread across the City Centre. The SAIL and City Centre team continue to provide focus to Mowbray Park, Sunnyside, Park lane, High St West and Market Square.

We have been supported by the wider SAIL team including the neighbourhood wardens, ASB officer and the dedicated SAIL (VRU) staff focusing on youth serious violence.

**Youth ASB**

This is showing a 57% decrease. Some outreach work has been undertaken in the City Centre over the Winter period by the Youth consortium which has been beneficial. We have had a group of youths attending the City Centre that mainly reside in the Sunderland North and Sunderland West areas. They have been involved in criminality and ASB, leading to the ringleaders being identified and dealt with for a variety of offences which including one of them being convicted for an assault and a robbery at Court earlier this week. He received an 8 month custodial sentence.

**Burglary**

Burglary is down by 15% this period. This equates to a reduction of 14 Burglaries .

Targets and areas are discussed in our 4 weekly Area Command meeting around all Burglaries with a dedicated team focussing on Burglaries.

There have been a number of key offenders arrested and sentenced to imprisonment throughout this year.

The main area is the City Centre where a few of the commercial premises have had entry forced overnight.

Although the numbers are currently low, we continue to provide focus to this crime type where we undertake several follow up visits to provide target hardening advice and reassurance.

## **Vehicle crime**

Decrease of 65 %. This includes vehicle interference and also theft of motor vehicles.

The incidents are spread across Millfield, Ashbrooke and the City Centre. A number of offences involve vehicles that have been left insecure and we continue to try and spread crime prevention messages to the local community. We have recovered doorbell footage and CCTV footage that has alerted us to individuals throughout the night trying car doors in the hope that they find an insecure door. Northumbria Connected has been used to promote security and my teams have recently amended shift patterns to work nightshifts in an effort to catch offenders linked to vehicle crime and burglaries.

## **Violent Crime**

Violent crime is down by 6%. The key area is around the night time economy (NTE) in the City Centre where we have a dedicated night time operation with neighbourhood staff working closely with street pastors, taxi marshalls and the XL health team. We also have Operation Cloak which sees officers deployed in plain clothes within the NTE to support vulnerable people and identify predatory offenders.
