| 4. the protection of children from harm | <input type="checkbox"/>            |

Please state the ground(s) for representation. (please read guidance note 1)

I have concerns relating to the impact of public nuisance from the proposed hours of operation until 03:00am. The premises is located in a residential area away from the city centre, with existing residents on surrounding streets as well as in the flats above the premises itself and the commercial premises' surrounding it. Whilst the premises is located on a busy road, A1018, it is predominantly quiet at that time. I believe that the operation till 03:00am would lead to a rise in noise complaints. This could be due to an increase in noise generated from additional users coming to the premises and parking outside, producing noise from car doors slamming as well as any noise from shouting or talking at a raised level. I am also concerned that these operational hours would lead to people walking to the premises after drinking in the near by pub The Grange, which closes at latest 11:30pm on Fridays and Saturdays. This could lead to excess noise in the street from people under the influence of alcohol as well as any anti-social behaviour associated with this.

The other commercial premises located adjacent to this premises close at an average time of 11:00pm and do not sell alcohol. We have had no recent noise complaints from these premises, which would suggest that this is an adequate time to operate until before the noise from the road decreases enough for any noise nuisance to be produced. I believe this is more suitable as you have to also consider the accumulative impact of the commercial premises located here.

Please provide as much information as possible to support the representation. (Please read guidance note 2)
