2.0 BACKGROUND

- 2.1 Heritage Open Days (HODs) is the nation's biggest free celebration of England's fantastic architecture, history and culture. It has taken place annually in the UK each September since 1994. The weekend of heritage is part of European Heritage Open Days, a Council of Europe initiative, where 48 countries allow the public a chance to visit heritage sites that are usually not open, free of charge. It is a once-a-year opportunity to discover hidden architectural treasures and enjoy a wide range of tours, events and activities.
- 2.2 HODs are co-ordinated nationally by the Civic Trust in partnership with English Heritage. Last year's event in 2007 proved to be a huge success. In Tyne and Wear approximately 44,600 people took advantage of the 184 properties, tours and events which were programmed for HODs 2007, to celebrate and explore the built environment of the region.
