

Appendix 3b (ii)

Dear Sir/Madam,

I am writing to say that I fully support the proposal for a sixth form at Houghton Kepier Sports College, this is long overdue and would benefit pupils, staff and local community immensely, whilst providing a wide range of subjects for learners. I feel it would improve local learning opportunities and engage more people in higher level education.

I think it will definitely encourage more learners to stay on as they would be able to study further education whilst remaining in an environment they know without having to travel out of the local area, and a great advantage would be to already know the school and teachers, hence learners would be more confident and comfortable in their environment.

Yours faithfully
Mrs A Graham
