

ANNUAL WORK PROGRAMME 2019/20**REPORT OF THE DIRECTOR OF PEOPLE,
COMMUNICATIONS AND PARTNERSHIPS****1. Purpose of the Report**

- 1.1 The purpose of the report is to consider and agree a work programme for the Committee for the municipal year 2019/20.

2. Background

- 2.1 The work programme is designed to set out the key issues to be addressed by the Committee during the year and provide it with a timetable of work. The Committee itself is responsible for setting its own work programme, subject to the coordinating role of the Scrutiny Coordinating Committee.
- 2.2 To be most effective, the work programme should provide a basis and framework for the work of the Committee, while retaining sufficient flexibility to respond to any important issues that emerge during the course of the year. The work programme is therefore intended to be a working document that the Committee can develop and refer to throughout the year.
- 2.3 In order to ensure that the Committee is able to undertake all of its business and respond to emerging issues, there will be scope for additional meetings or visits not detailed in the work programme.
- 2.4 The remit of the Health and Wellbeing Scrutiny Committee covers the following:-
- Any matter relating to the service performance, service provision and the commissioning of health services for adults and children including adult social care, mental health services, public health, wellness, decent homes. To act as the designated scrutiny committee for statutory purposes for health.*
- 2.5 The work programme should reflect the remit of the Committee and the need to balance its responsibility for undertaking scrutiny, performance management and policy review (where necessary). In accordance with the review of the scrutiny function there will be an increasing emphasis on accountability and performance management in the composition of the work programme for the year ahead.
- 2.6 The work programme should also reflect and be aligned to the key priorities of the Council as set out in documents such as the Sunderland Strategy, Joint Sunderland Needs Assessment and the Corporate Plan, reflect issues highlighted following external assessments and issues raised during the Health and Wellbeing development session held on 22 May 2019.

3. DETERMINING THE SCRUTINY WORK PROGRAMME

- 3.1 Topics for inclusion in the Scrutiny Work Programme will vary from single issue items for consideration such as policy and performance reports through to regular updates on issues that the committee have adopted a more focused monitoring role.
- 3.2 The table below summarises the relevant single item issues which are likely to be a regular feature of the work programme for 2019/20. - 3.4 It should be noted that the work programme is a 'living' document and can be amended throughout the course of the municipal year. Any Elected Member can add an item of business to an agenda for consideration (Protocol 1 within the Overview and Scrutiny Handbook outlines this process).
- 3.5 It should also be noted that in terms of in-depth policy reviews there will only be the capacity to look at one topic during the year and it may be that Members look to receive one-off reports on the other issues and possibly re-visit these issues in more detail during a future work programme.
