Keith Norton Occupation: Senior Finance Business Partner Engie PLC	Fatfield Academy	Full commitment to attend meetings of the Board, associated training and any link governance visits required. No	Access to good education is critical to the success of young people as they transition out of the system and into the workforce. Over the last 18 months the issues faced by educators and ultimately learners has been brought to the forefront due to the impact of Covid - 19. There has been disruption to the way our children and young people access education, including the introduction of a range of digital solutions, as well as disruption to the way learners are prepared for and take assessment. The sector has had to be extremely agile and adapt quickly to ensure that children and young people, wherever possible are not further disadvantaged by the impact of multiple lockdowns. Unfortunately as we start to ease out

					<p>of the restrictions the fight against the on-going impact to learning as well as the well-being of our children and young people will continue for the months and potentially years to come. I have kept a close eye on the government's response to "learning loss" and am passionate about ensuring our learners and educators have access to the leadership, tools and support they need to thrive. I would like to be a governor because I believe that my passion for the health and well-being of children and young people, my desire for a an education system that caters for the needs of every young person and my experience as a senior leader within financial services will add real value to the school. I will bring with me extensive experience of collaborative working, problem solving and financial acumen.</p>
