Our reports are prepared in the context of the Public Sector Audit Appointment Limited’s ‘Statement of responsibilities of auditors and audited bodies’. Reports and letters prepared by appointed auditors and addressed to members or officers are prepared for the sole use of the Authority and we take no responsibility to any member or officer in their individual capacity or to any third party.

Mazars LLP is the UK firm of Mazars, an international advisory and accountancy group. Mazars LLP is registered by the Institute of Chartered Accountants in England and Wales.

Audit progress

Purpose of this report

The purpose of this paper is to provide the Audit and Governance Committee with a report on progress in delivering our responsibilities as your external auditors.

This paper also seeks to highlight key emerging national issues and developments which may be of interest to members of the Audit and Governance Committee.

If you require any additional information regarding the issues included within this briefing, please contact any member of your engagement team.

Finally, please note our website address (www.mazars.co.uk) which sets out the range of work Mazars carries out, both within the UK and abroad. It also details the existing work Mazars does in the public sector.

2016/17 Audit

The 2016/17 audit was completed early this year, ahead of the statutory requirement to bring the timetable forward from next year.

Our audit opinion and VFM conclusion were issued on 31 July 2017.

We issued the audit certificate, formally closing the audit, when our work on the Council's Whole of Government Accounts (WGA) return was completed. This year our assurance statement that the WGA return was consistent with the Council's statutory accounts was finalised on 15 September 2017.

We have now issued our Annual Audit Letter and this is a separate agenda item at this Committee meeting.

The only work remaining to be completed is the certification of claims work in relation to housing benefits. The deadline for the completion of our housing benefits work is 30 November 2017. This work is progressing and we fully expect to meet the deadline.

2017/18 Audit

In the next quarter, we will begin our planning work in relation to the 2017/18 audit.

We will discuss with officers the lessons learned from experience of bringing the accounts and audit timetable forward this year, and discuss ways in which we can make further improvements to streamline the process. This will include identifying ways of carrying out audit work earlier to reduce the pressure of work in the period between the preparation of your financial statements (by 31 May) and the audit deadline (31 July).

We will also discuss with officers the current risks in relation to our audit opinion and the VFM conclusion, and this will begin to shape our Audit Strategy Memorandum for the 2017/18 audit.

1. 2017-18 work programme and scale of fees, Public Sector Audit Appointments Ltd, March 2017

PSAA has published the work programme and scales of fees for 2017/18 audits of principal local government and police bodies. There are no changes to the overall work programme for 2017/18. Scale fees for 2017/18 have therefore been set at the same level as the fees applicable for 2016/17. This is the final year for which PSSA will set fees under the transitional arrangements made by DCLG.

2. Reality check: next steps in developing sustainability and transformation plans, CIPFA, April 2017

CIPFA summarises this ‘think piece’ as follows:

The NHS planning guidance set out the notion of sustainability and transformation plans (STPs) in 2015. The plans aimed to bring together local leaders in health, local government and patient representation to plan how services would become sustainable between 2016 and 2021.

The STPs would facilitate health service providers and local authorities working together to ensure that services are delivered across the whole of the local health and care economy and not lead by any particular organisation’s priorities. Forty four local areas were established and initial plans were to be submitted in February 2017.

The 44 STPs which form the basis for NHS planning in the coming years, and explicitly link it to social care, are all now public in their draft forms. What conditions are likely to be critical to success, and do the STPs suggest that those conditions are in place?

This Insight analyses the 44 STPs for the answer.

3. The levy, apprenticeships and the public sector, CIPFA, May 2017

CIPFA summarises this 'think piece' as follows:

The arrival of the apprenticeship levy has been heralded with a mixture of eager anticipation, dread and a lot of discussion. It is likely to be a while before we see the levy running smoothly and guidance will inevitably need to be regularly updated as the system becomes embedded.

The introduction of the apprenticeships levy sees both opportunities and risks for the public sector and only time will tell how successful the system proves to be. There will be winners and losers and the targets to be achieved may prove a challenge, but the levy certainly can't be overlooked. Employers need to be aware of the options and ways to use the levy to develop a flexible and skilled workforce. CIPFA sees the levy as a further opportunity for widening access to the finance profession and providing a much needed platform to improve productivity in the economy.

This Insight provides background and introduction to what apprenticeships mean for the public sector.

4. Building financial resilience: managing financial stress in local authorities, CIPFA, June 2017

CIPFA summarises this 'think piece' as follows:

With health and social care finances under increasing pressure and little sign that the government can afford to pump in the additional resources which would be needed to maintain historic arrangements, the integration of health with social care has emerged as the great hope across all political parties.

However, local health and social care providers don't yet have a secure basis for medium-term planning, and without that there is a danger that the promising start represented by the Better Care Fund, devolution initiatives and pilots linked to the five-year forward plan for the NHS will be dissipated. This CIPFA Briefing looks at the conditions needed for integration to be successful.

5. Procurement of audit services delivers outstanding results, June 2017

In June 2017, Public Sector Audit Appointments Limited (PSAA) reported the outcome of its national procurement of audit contracts for local government and related bodies that will run for five years from the 2018/19 audits, with an option to extend by a further two years. The procurement applied to those bodies which opted to be part of it, which included Sunderland City Council.

As part of the procurement, Mazars increased its national market share of this work from approximately 6% to 18%.

The other firms that were successful in winning market shares were Grant Thornton, EY, BDO and Deloitte.

The five current firms providing this work are Mazars, Grant Thornton, EY, BDO and KPMG.

PSAA estimated that the procurement pointed to a possible scale fee reduction of the order of 18% from 2018/19 audits. PSAA is currently consulting bodies on individual auditor appointments.

6. Online Fraud, NAO, June 2017

Online fraud is now the most commonly experienced crime in England and Wales, but has been overlooked by government, law enforcement and industry.

7. Annual Regulatory Compliance and Quality Report 2016-17, Public Sector Audit Appointments Ltd, August 2017

Public Sector Audit Appointments Limited (PSAA) monitors the performance of all its audit firms. The audit quality and regulatory compliance monitoring for 2016/17 incorporated a range of measurements and checks comprising:

- a review of each firm's latest published annual transparency reports;
- the results of reviewing a sample of each firm's audit internal quality monitoring;
- reviews (QMRs) of its financial statements, Value for Money (VFM) arrangements conclusion and housing benefit (HB COUNT) work. The review included assessing compliance with the HB COUNT guidance;
- an assessment as to whether PSAA could rely on the results of each firm's systems for quality control and monitoring;
- a review of the Financial Reporting Council's (FRC) published reports on the results of its inspection of audits in the private sector;

- the results of PSAA's inspection of each firm by the FRC's Audit Quality Review team (AQRT) as part of a commissioned rolling inspection programme of financial statements and VFM work;
- the results of each firm's compliance with 15 key indicators relating to PSAA's Terms of Appointment requirements;
- a review of each firm's systems to ensure they comply with PSAA's regulatory and information assurance requirements; and
- a review of each firm's client satisfaction surveys for 2015/16 work.

The report concludes the following in respect of Mazars LLP:

"Mazars is meeting our standards for overall audit quality and our regulatory compliance requirements. We calculated the red, amber, green (RAG) indicator for overall audit quality and regulatory compliance using the principles detailed in Appendices 1 and 2. For 2016/17, Mazars' combined audit quality and regulatory compliance rating was green. The satisfaction survey results show that audited bodies are very satisfied with the performance of Mazars as their auditor. Mazars has maintained its performance against the regulatory compliance indicators since last year, with all of the 2016/17 indicators scored as green".
