

# Appendix 3

NHSResult >

Text Message

Dear Tony Mark Shipley

Test date: 18/01/2022

Your coronavirus PCR test (or other lab test) result is negative. It's likely you did not have the virus when the test was done.

Please enter your result into the NHS COVID-19 app using this code: zd9vx7rp

To stay safe:

- Get vaccinated
- Handwash regularly
- Download the NHS COVID-19 app
- Open windows if meeting indoors
- Wear a face covering in crowded indoor settings
- Stay home if unwell
- Get tested and self-isolate if you need to

You may need to self-isolate, despite this negative result. Go to <https://www.nhs.uk/coronavirus> and read 'Self-isolation and treating symptoms'.
