

Amended 2014/15 Annual Governance Statement

1. SCOPE OF RESPONSIBILITY

The Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. We also have a duty to continually review and improve the way in which functions are exercised.

We have put in place a local Code of Corporate Governance and a framework intended to make sure we do the right things, in the right way, for the right people. The Code is on the Council's website [\[here\]](#) or can be obtained from the Director of Finance. This Statement explains how the Council has complied with its Code in 2014/15.

2. THE PURPOSE OF THE GOVERNANCE FRAMEWORK

The governance framework comprises the systems and processes, culture and values that direct and control our activities and through which we account to, engage with, and lead the community. The framework enables us to monitor the achievement of strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost-effective services.

The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness.

The governance framework has been in place at the Council for the year ended 31st March 2015 and up to the date of approval of the Statement of Accounts.

3. THE GOVERNANCE FRAMEWORK

- 3.1 There is a clear vision of our purpose and intended outcomes for citizens and service users that is clearly communicated, both within and outside the organisation. The [Sunderland Strategy 2008-2025](#) provides the framework for members of the [Sunderland Partnership](#), organisations, groups of people and individuals, to work together to improve the quality of life in Sunderland by 2025. It sets out a Vision for the city and its people and how everyone will work together to achieve that Vision:

“Creating a better future for everyone in Sunderland - Sunderland will be a welcoming, internationally recognised city where people have the opportunity to fulfil their aspirations for a healthy, safe and prosperous future.”

- 3.2 The Council has developed a set of guiding principles to help decision making and agree priorities. These are:

- Elected members are community leaders at the core of decision making
- Our communities, residents and businesses are at the centre of everything we do
- We encourage, respect and value innovation and enterprise
- We demand high performance, personal responsibility and personal accountability
- We value people's individual contributions to our collective goals
- We are ambitious for the city and for ourselves; we view all change as an opportunity; we celebrate and build on our past without being confined by it.

3.3 To translate these principles into action, the Council has set out its priorities under the following clear outcomes that are derived from its vision

People – raising aspirations, creating confidence and promoting opportunity

Place – leading the investment in an attractive and inclusive city and its communities

Economy – creating the conditions in which businesses can establish and thrive.

- 3.4 The Corporate Plan sets out our priorities and the significant actions we will take. These, in turn, shape the activity of our various services and how we will focus our resources. We are clear where we need to get to and what we need to do to get there.
- 3.5 Arrangements are in place to review our vision and its implications for the authority's governance arrangements. The annual strategic planning process, engagement and participation with residents, needs analysis and demographic information ensure the authority's vision remains relevant and meets the needs of local communities. There are annual reviews of the local Code of Corporate Governance to ensure that it is up to date and effective. The reviews are overseen by the Council's Corporate Assurance Group using assurances and information gathered through the Integrated Assurance Framework (IAF) which was put in place in 2012/13. The IAF brings together assurances from all available internal and external sources.
- 3.3 Arrangements are in place to measure the quality of our services, to ensure they are delivered in line with our objectives and for ensuring that they provide value for money. There are performance management arrangements in place including a corporate performance review scheme for staff. Services are delivered by suitably qualified / trained / experienced staff and all posts have detailed job profiles / descriptions and person specifications.

- 3.4 The roles and responsibilities of Council members and employees are clearly documented, although the delegation arrangements need to be updated following recent senior management changes. The Council's [Constitution](#) sets out how the Council operates. It incorporates a delegation scheme, indicates responsibilities for functions and sets out how decisions are made.
- 3.5 The Constitution includes Rules of Procedure and a scheme of delegation which clearly define how decisions are taken and we have various Codes and Protocols that set out standards of behaviour for members and staff. Directorates have established delegation schemes, although these require regular updating to reflect ongoing organisational changes.
- 3.6 During the year a system of scrutiny was in place allowing the scrutiny function to:
- review and/or scrutinise decisions made or actions taken in connection with the discharge of any of the Council's functions;
 - make reports and/or recommendations to the full Council and/or the executive and/or any joint or area committee in connection with the discharge of any functions;
 - consider any matter affecting the area or its inhabitants;
 - exercise the right to call-in, for reconsideration, decisions made but not yet implemented by the executive and/or area committees; and
 - consider Local Petitions and Councillor Calls for Action for matters within their terms of reference.
- 3.7 A range of financial and HR policies and procedures are in place, as well as robust and well embedded risk management processes. Appropriate project management standards and Business Continuity Plans are in place, which are subject to ongoing review. There are comprehensive budgeting systems in place and a robust system of budgetary control, including formal quarterly and annual financial reports, which indicate financial performance against forecasts. There are clearly defined capital expenditure guidelines in place and procedures are in place to ensure that the Dedicated Schools Grant is properly allocated to and used by schools in line with the terms of grant given by the Secretary of State under section 16 of the Education Act 2002.
- 3.8 The authority's financial management arrangements conform to the governance requirements of the CIPFA Statement on the Role of the Chief Financial Officer in Local Government (2010). The Director of Finance is the designated Chief Finance Officer and fulfils this role through the following:
- Attendance at meetings of the Executive Management Team, helping it to develop and implement strategy and to resource and deliver the Council's strategic objectives sustainably and in the public interest;
 - Involvement in all material business decisions to ensure immediate and longer term implications, opportunities and risks are fully considered;
 - Alignment of medium term business and financial planning processes;

- Leading the promotion and delivery of good financial management by the whole organisation so that public money is safeguarded and used appropriately, economically, efficiently and effectively;
- Ensuring that the finance function is resourced to be fit for purpose.

3.9 The Council has an Audit and Governance Committee which, as well as approving the Authority's Statement of Accounts, undertakes an assurance and advisory role to:

- consider the effectiveness of the authority's corporate governance arrangements, risk management arrangements, the control environment and associated anti-fraud and corruption arrangements and seek assurance that action is being taken on risk-related issues identified by auditors and inspectors;
- be satisfied that the authority's assurance statements, including the Annual Governance Statement, properly reflect the risk environment and any actions required to improve it;
- receive and consider (but not direct) internal audit's strategy, plan and monitor performance;
- receive and consider the external audit plan;
- review a summary of internal audits, the main issues arising, and seek assurance that action has been taken where necessary;
- receive and consider the annual report of internal audit;
- consider the reports of external audit and inspection agencies, including the Annual Audit Letter;
- ensure that there are effective relationships between external and internal audit, inspection agencies and other relevant bodies, and that the value of the audit process is actively promoted;
- review the external auditor's opinions and reports to members, and monitor management action in response to the issues raised by external audit;
- review the adequacy of and compliance with, the Council's Treasury Management Policy; and
- make recommendations to Cabinet or Council as appropriate.

3.10 We have arrangements to ensure compliance with relevant laws, regulations, internal policies and procedures, and that expenditure is lawful. The Head of Law and Governance is the Council's designated Monitoring Officer and a protocol is in place with all Chief Officers, to safeguard the legality of all Council activities. All Cabinet Reports are considered for legal issues before submission to members.

3.11 The Council's internal audit service has been subject to an independent review of its effectiveness which concluded that the service operates in accordance with professional standards.

3.12 Arrangements for whistle-blowing and for receiving and investigating complaints from the public are well publicised. We are committed to maintaining these arrangements to ensure that, where any individual has concerns regarding the conduct of any aspect of the Council's business, they

can easily report their concerns. Monitoring records held by the Head of Law and Governance reveal that the whistle blowing arrangements are being used by both staff and the public, and that the Council is responding appropriately. The whistle blowing arrangements have assisted with the maintenance of a strong regime of internal control.

- 3.13 We have arrangements to identify the development needs of members and senior officers in relation to their strategic roles. The Community Leadership Programme has continued to support elected Members to fulfil their community leadership role. The Council's HR strategy identifies managing the performance of all of employees is key to ensuring that the organisation meets the needs of the community. This includes assessing ability against requirements of the role, annual appraisal focusing on strengths and highlighting areas of weakness, job related training, and ongoing evaluation of the extent to which employees understand and support the values of the Council.
- 3.14 Clear channels of communication have been established with all sections of the community to promote accountability and encourage open consultation. We are committed to listening to, and acting upon, the views of the local community and carry out consultation in order to make sure that services meet the needs of local people. Community Spirit is Sunderland's residents' panel, currently made up of over 1,000 residents from all parts of the city.
- 3.15 The Council has a Code of Practice for Partnerships which includes a template for Partnership Agreements and a range of checklists to ensure key risk areas are considered and addressed. The Code is designed to provide a corporate framework for all staff involved in considering new partnership working, and to assist Members and employees to review existing arrangements.

4. REVIEW OF EFFECTIVENESS

The Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of the effectiveness is carried out over the course of the year through the Integrated Assurance Framework. The review is informed by the Corporate Assurance Map which summarises assurances gathered from all available sources and in particular:

- Assurances from Heads of Service who have carried out self-assessments relating to their areas of responsibility.
- Assurances from senior officers responsible for relevant specialist areas.
- Internal audit planning processes which include consultation with all Chief Officers, and audit activity as detailed in the Internal Audit Annual Report.
- The external auditors (Mazars) Annual Audit Letter for 2013/14 provides an unqualified opinion on the financial statements. The report confirms that the Council has proper arrangements in place to secure financial resilience, and for challenging how it secures economy, efficiency and effectiveness.

The Head of Assurance, Procurement and Projects has directed, co-ordinated and overseen the review and its findings have been reported to the Executive Management Team and Cabinet for their consideration and approval of the Annual Governance Statement.

The outcome of the review of effectiveness provided the necessary assurance that overall the arrangements in place remain effective however significant weaknesses have been identified specifically in relation to services for children in need of help and protection, children looked after and care leavers, and the effectiveness of the local safeguarding children board. The findings of the review have been reported to the Audit and Governance Committee and under their Terms of Reference the Committee have satisfied themselves that the Annual Governance Statement properly reflects the risk environment and any actions required to improve it.

Cabinet and the Audit and Governance Committee have advised us of the findings of the review of the effectiveness of the governance framework, and an improvement plan has been agreed. Significant improvement activity in relation to Children's safeguarding services is on-going.

We propose over the coming year to take steps to implement the improvement plan to further enhance the Council's governance arrangements and urgently improve Children's safeguarding services. We are satisfied that these steps will address the need for improvements that were identified in the review and we will monitor their implementation and operation.
