1 INTRODUCTION

- 1.1 Tyne and Wear Fire and Rescue Authority (hereby known as 'the Authority') is required to include an Annual Governance Statement within its Annual Statement of Accounts. The Annual Governance Statement contains details of the most recent review of governance arrangements and sets out areas for improvement during the course of the following year.
- 1.2 The purpose of this report is to present the Annual Governance Statement 2023/2024 and Code of Corporate Governance 2024 to the Authority for their approval.
- 1.3 The Authority must approve the Annual Governance Statement each year prior to adopting the Statement of Accounts. Once approved, the Chair of the Authority, Chief Fire Officer/Chief Executive and Finance Director are requested to sign the Annual Governance Statement.

2 BACKGROUND

- 2.1 The Authority is responsible for ensuring that its business is conducted in accordance with the law and proper standards. It is also responsible for ensuring that public money is safeguarded, properly accounted for and used economically, efficiently and effectively. The Authority also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised.
- 2.2 In discharging this overall responsibility, the Authority and its Statutory Officers are responsible for putting in place proper arrangements (known as the governance framework) for:
 - The governance of its affairs; and
 - Facilitating the effective exercise of its functions, including arrangements for the management of risk.
- 2.3 The system of internal control is a significant part of the Authority's governance framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness.

- 2.4 The Accounts and Audit (England) Regulations 2015 6(1) (a) and (b); stipulate that the Authority must, each financial year:
- a) conduct a review of the effectiveness of the system of internal control.
 - b) prepare an annual governance statement.
- 2.5 For the Authority to meet the requirements of the Regulations an annual governance review has been conducted and an Annual Governance Statement 2023/2024 (Appendix A) prepared for publication following approval.
- 2.6 A key component of the Authority's governance framework is its Code of Corporate Governance, which aligns with the Chartered Institute of Public Finance and Accountancy (CIPFA) and Society of Local Authority Chief Executives (SOLACE) Delivering Good Governance in Local Government Framework 2016. The Code of Governance has been updated for 2024 following the annual governance review (Appendix B).
- 2.7 The good governance framework assists the Authority in developing and shaping an informed approach to governance, aimed at achieving the highest standards in a measured and proportionate way by demonstrating compliance with the good governance principles:
- A. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law.
 - B. Ensuring openness and comprehensive stakeholder engagement.
 - C. Defining outcomes in terms of sustainable economic, social, and environmental benefits.
 - D. Determining the interventions necessary to optimise the achievement of intended outcomes.
 - E. Developing the Authority's capacity, including the capability of its leadership and the individuals within it.
 - F. Managing risks and performance through robust internal control and strong public financial management.
 - G. Implementing good practices in transparency, reporting, and audit to deliver effective accountability.

3 ANNUAL GOVERNANCE REVIEW METHODOLOGY

- 3.1 The Authority's governance framework comprises of systems, processes, culture and values by which it is directed and controlled. This framework enables the Authority to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate services and value for money.
- 3.2 The Authority monitors its governance arrangements in practice and reviews them annually to ensure that they remain up to date and working effectively. The annual governance review process:

- Assesses how the Authority has complied with its Code of Corporate Governance.
- Provides an opinion on the effectiveness of the Authority's governance arrangements.
- Provides details of how continual improvement in the systems of governance will be achieved.

3.3 Key sources of assurance that inform the Annual Governance Statement are drawn from:

4 ANNUAL GOVERNANCE REVIEW OUTCOME
