

15 MARCH 2022**REPORT OF THE NORTHUMBRIA POLICE****1.0 Purpose of Report**

The following report provides a community update and key performance information in relation to Sunderland West area between the following periods (December 2021 – February 2022

2.0 Key Updates**Burglary Dwelling.**

Having just reviewed all the Burglary Dwelling crimes, Sunderland West are still performing very well in this crime category. In the last 2 weeks we have experienced 4 Burglaries, this includes 2 shed or garages ,1 domestic related Burglary and 1 attempt. There are no hot spot areas and the crimes are wide spread over Sunderland West.

The teams have been very proactive and although the numbers of offences in Sunderland West are already low they have reduced to only 1 burglary offence in the last 7 days.

Burglary Commercial

In the last 4 weeks we have experienced 3 commercial Burglaries. All of these were in a period of 2 days in the middle of February on a building site. The teams have worked closely with partners and have targeted suspects which appears to have had the desired result in preventing further offending

Theft From Motor vehicle.

Sunderland West has experienced 7 Theft from motor vehicles in the past two weeks which in comparison is a relatively low number. This is borne out by our year-to-date figure which shows a 5.3% reduction in all vehicle crime.

Anti-Social Behaviour

Sunderland West are performing very well in this area with a reduction year to date of 41%. We are currently tracking at similar levels to 2019/2020 which is where I would expect us to be. The team are preparing for our lighter nights operations and will be focusing on the our hotspots and we have a number of city wide initiatives on going at the moment which I am heavily involved in along with a number of varied partners.

Lighter Nights Campaign

The darker Nights campaign worked very well, with some excellent partnership work between Police, Fire service, environmental services, Local authority and Gentoo after a lot of preparation saw a reduction in disorder over this period..

As stated above the teams in conjunction with partners are commencing the lighter nights campaign which will target hot spots.
