This is in addition to the local priorities outlined above in 1-5 above		McNamara	At its meeting of 5th November Cabinet approved the Policy Statement on the role of the Council in relation to schools and the wider education system. The Statement determines the role of the Council in improving educational outcomes and defines the key elements of the local authority's role. Additionally, next steps were agreed in order to develop the necessary relationships, systems and processes to reflect the changing education landscape, the educational priorities within the city's key strategies, the Council's Community Leadership role and its statutory duties. One of those key actions is to develop arrangements whereby Elected Members are enabled to play a role in strengthening the local accountability of schools and in sharing local intelligence. The Education and Skills Strategy was circulated to Board members in February and a written reponse from the Board will be fed into the Directorate early in March.

3. Review of Museum Services	Trina Murphy	A cultural Strategy is being developed for the city which will help shape Museums and heritage in a way that Sunderland residents want. This will help to develop a vision that will determine the delivery plan of priorities for the next 3-5 years. The Strategy and the Museum vision are proposed to be discussed at a future People Board. Members will have the opportunity to contribute to how the service will be tailored to meet the needs of the community. Following that, the Heritage team will engage with local individuals and groups, such as the Area VCS Network, to disuss the new proposals.
Review of Youth Contracts	Jane Eland	The September People Board meeting was presented with an update on the performance of the current commissioned youth contracts. Further information was presented to the January 2015 People Board when feedback was given regarding responses from members. The current provider is seen to be meeting the needs of the young people. All members want the 2 age groups to remain and the proposal for the BME contract to be part of the mainstrean contract was postively received. It is anticipated that in order to keep provision, some hours may be reduced but members accepted this was a reasonable solution. Members are encouraged to attend the Youth Operational Group so they can feed in to decisions made locally regarding provision.
